Espace VIP – VIP area

The LOC has allocated a VIP area on the balcony over the sheets towards the back end of the rinks. This space is not heated, as it is not enclosed. It benefits from a very good view of the rinks below.

The VIP area can accommodate about 40 people. It will be furnished with some round tables and chairs as well as standing bar options. It also benefits from a Food and Beverage outlet.

As per the game schedule and timetables, it is possible for the WCF, SwissCurling, the LOC, and partners to reserve this area for a function, a promotion drink or breakfast, for meeting sponsors, etc... You can check its availability online at <http://shorturl.at/ervU7>.

A Food & Beverage offer is available from the arena's caterers. Choices-menus are detailed on the next page.

Please reserve the space as soon as possible to loc@curling-geneve.ch mentioning:

- your organization,
- date and time for each reservation,
- number of guests,
- purpose of the event,
- Food & Beverage / catering requirements.

Best regards,

Bea van Gessel
for the Organizing committee
